SEEING RED

The Joy of Gingers!

Long celebrated (and often respectfully feared) for their firey nature, redheads are the spice in the genetic stew we all share here on planet Earth. Your blondes and brunettes are standard issue delights, but the redhead stands out in a crowd - her crimson halo of hair a challenge to the brave of heart - "Proceed with caution...but proceed." We love these rare and rambunctious ladies, as does artist Raffaele Marinetti, illlustrator and pinuip artist based in Naples, Italy. His fascination with redheads inspired us to create this magnificent collection of digital cuties. Can you handle the heat? Blisters were never this worthwhile!
